Installation cost varies widely based upon size of the meter, terrain, ease or complexity of installation, and many other factors. Moore County Department of Public Works does not imply nor guarantee that your service connection will fall within or near the estimated "typical" costs listed above. We will provide an estimated cost for your installation upon you request.

WATER AND SEWER SERVICE CONNECTIONS: PLEASE PLACE A FLAG AT THE PREFERRED LOCATION FOR THE WATER AND SEWER TAP. Water meters are installed at lot corners whenever practical. Water meters are to be kept so that they are easily accessible for reading and maintenance. There should never be any landscaping concealing the location of the meter. Payment for any damage done to the water meter, meter box or lid, other than natural causes or malfunction of the meter itself, will be the responsibility of the homeowners.
